PROFILE

Experienced pricing and revenue specialist with 9+ years in the airline and live entertainment industries. Skilled in data-driven decision-making, demand forecasting, and pricing optimization. Strong background in mathematics and data science, with expertise in Python, SQL, and market analysis. Proven ability to drive profitability and spot emerging trends.

WORK EXPERIENCE

Reps and Co

2024- PRESENT

Market Analyst

- Sources and buys concert tickets by analyzing market trends, artist popularity, and sales data. Secures tickets through various channels, manages portfolio from the time of purchase until event date. Works closely with pricing team to maximize profit. Requires deep market knowledge, strong data driven decisions and keep to details.

Reps and Co

2021-2024

Pricing Analyst to Revenue Manager

- Responsible for maximizing company revenue through strategic pricing, forecasting, and performance analysis. Oversees revenue streams, identifies growth opportunities, and collaborates with different teams to align strategies with business goals. Strong analytical, leadership, and forecasting skills required.

Philippine Airlines

2016-2021

Yield Management Specialist

- Responsible for maximizing revenue by analyzing booking trends, forecasting demand, and adjusting seat inventory and pricing strategies. They use data-driven insights to optimize flight loads and ensure the right balance between seat availability and fare levels to improve profitability.
